

Sit-in ATV (Conventional Steered)

Course Details

- Title: Sit-in ATV (Conventional Steered)
- Product Code: CLVA11X
- Type: Training Course
- Duration: 1 Day

ATV's or quad bikes are not only fun, but are also very versatile vehicles with a range of attachments including trailers, sprayers and spreaders making them an effective and flexible business tool. However even the most experienced ATV riders can find themselves in a potentially dangerous situation, and without the proper training serious accidents can occur.

Our Sit-in ATV course has experienced instructors who will guide you through the training to make sure that you are able to use the ATV safely and with confidence, and that the key fundamentals of driving, loading and health and safety are covered.

Once you have successfully carried out this course you will receive a certificate of training for Sit-in ATV (Conventional Steered).

Who is it for?

Our ATV sit-in course is for anyone who uses or will be using a sit-in ATV, whether this is for the work place or for leisure.

It is important that you already hold your CAT B driving licence, however if you do not have your CAT B driving licence you are able to attend this course following a one day driving/familiarisation course.

What will you get from it?

- Comply with legal requirements with an emphasis on safe practice.
- Identify the risks associated with using a sit-in ATV.
- Select and use appropriate personal protective equipment.
