

Sit-Astride ATVs including Loads and Trailed Equipment - Novice Operator

Course Details

- Title: Sit-Astride ATVs including Loads and Trailed Equipment - Novice Operator
- Product Code: CLVA09X
- Type: Training Course
- Duration: 1 Not Specified

Sit-Astride ATVs are very versatile vehicles with a range of attachments including trailers, sprayers and spreaders making them an effective and flexible business tool. However even the most experienced ATV riders can find themselves in a potentially dangerous situation, and without the proper training serious accidents can occur.

Our sit-astride ATVs – including Loads and Trailed Equipment course has experienced instructors who will guide you through the training to make sure that you are able to use the sit-astride ATV safely and with confidence, and that the key fundamentals of driving, loading and Health and Safety are covered.

Once you have successfully carried out this course you will receive a certificate of training for sit-astride ATVs – including Loads and Trailed Equipment.

Who is it for?

Our sit-astride ATVs – including loads and trailed equipment course is for anyone who uses a sit-astride ATV as part of their work. This one day course is for learners with little experience. This one day course is also for a smaller learning group of only two participants.
