

Sit-in ATVs - Skid Steer Tracked or Wheeled - Experienced Operator

Course Details

- Title: Sit-in ATVs - Skid Steer Tracked or Wheeled - Experienced Operator
- Product Code: CLVA04X
- Type: Training Course
- Duration: 1 Day

Sit-in ATV's whether skid steer tracked or wheeled, are very versatile vehicles making them an effective and flexible business tool. However even the most experienced ATV riders can find themselves in a potentially dangerous situation, and without the proper training serious accidents can occur.

Our Sit-in ATV course has experienced instructors who will guide you through the training to make sure that you are able to use the ATV safely and with confidence, and that the key fundamentals of driving, loading and Health and Safety are covered.

Once you have successfully carried out this course you will receive a certificate of training.

Who is it for?

Our sit-in ATVs – skid steer tracked or wheeled one day course is for experienced operators who use a sit-in skid steer tracked or wheeled all terrain vehicle, and want their skills updating with certification.
